

CareMeridian provides a continuum of high-quality, cost-effective post-acute care and rehabilitation options to people of all ages with brain, spinal cord and other life-altering injuries and medically complex illnesses. With program locations throughout the Western United States, CareMeridian offers a distinctive service delivery model, merging an experienced and skilled health care and rehabilitation team with specialized technology in community-based program settings designed to meet the unique needs of those we serve at every stage of their recovery.

CareMeridian is a partner of The MENTOR Network, a national network of local providers serving youth at risk, individuals with intellectual and developmental disabilities and people with brain, spinal cord and other catastrophic illnesses and injuries across the country.

Our Funding Options

At CareMeridian, we strive to provide a higher-quality and lower-cost alternative, working closely with a variety of payors, including private insurance companies and workers' compensation specialists. We participate as an "In Network" provider for most major health plans and payors. Funding options include: HMOs, PPOs, Workers' Compensation, Private Insurance and Private Pay.

Our Care Team

With an industry leading 1:4 staff-to-patient ratio, 1:1 therapy and 24/7 care, CareMeridian offers individualized care plans and personalized attention with our Interdisciplinary Treatment Team composed of: physicians; nurses; case managers; social workers; physical, speech, occupational therapists; and neuropsychologists.

Our Tucson Program

Our community-based NeuroRehabilitation programs provide services for people who have sustained a neurological injury. Our Tucson location opened in 2017 and provides daily living assistance and support to participants who have been discharged from a hospital or other more intensive rehabilitation facility, but still face physical, psychological and social challenges as they work towards increased independence and community integration.
